Other Tools & Platforms: Postman, VS Code

Core Competencies: Frontend & Backend Development, Responsive UI Design, Problem Solving, Debugging, Algorithm Optimization

SOFT SKILLS

Adaptivity

Leadership

Communication

Quick Learner

PROJECTS

- **AutoCare Lanka (React, Bootstrap, PHP, MySQL)**, Developed a multi-role vehicle service platform with online booking, course enrollment, and job opportunities. Designed a responsive and user-friendly interface using React and Bootstrap, and implemented secure backend functionalities with PHP and MySQL. [View Project](#)
- **Moviesphere (React, Vite, Django, Tailwind CSS)**, Built a full-stack movie browsing platform featuring category-based filtering, user authentication, and review posting. Ensured smooth navigation and fast performance using Vite, Django REST API, and Tailwind CSS. [View Project](#)
- **ArtOfCake (HTML, CSS, JavaScript, Bootstrap)**, Created a visually appealing and responsive bakery website highlighting products and services. Designed interactive UI elements and clean layouts with Bootstrap and JavaScript for improved user engagement. [View Project](#)
- **Medicine Reminder App (Flutter, Dart, Firebase)**, Developed a mobile application to help users manage medication schedules and receive timely reminders. Implemented Firebase authentication and notifications for improved health tracking and usability.
- **Portfolio Website (Next.js, React, TypeScript, Tailwind CSS)**, Designed and developed a modern, interactive portfolio to showcase skills and projects. Integrated smooth animations and responsive design with Tailwind CSS and Framer Motion for an elegant user experience.
